Professional Summary

Accomplished Full Stack Web Developer with 3+ years of experience specializing in Laravel and PHP. Proven track record in delivering fully functional, scalable web applications and e-commerce platforms from concept to deployment. Adept at collaborating with cross-functional teams, ensuring high-quality code, and continuously improving technical and soft skills.

Work Experience

Full Stack Developer – Digo Digital Marketing Company

Gaza, Palestine | 2020 – 2021

Led the end-to-end development of five full-scale web platforms, including the company's official website (digo.sa), ensuring performance, scalability, and clean architecture. Collaborated with designers and marketers to deliver user-friendly and responsive interfaces.

Backend Developer (Laravel) – Al-Qeeq Technology Solutions

Gaza, Palestine | 2023

Designed and developed a robust e-commerce dashboard similar to Shopify using Laravel and MySQL. Implemented scalable backend architecture, RESTful APIs, and seamless data integration to enhance platform efficiency.

Freelance Full Stack Developer

Remote | 2023 – Present

Delivered multiple corporate websites from scratch, managing front-end and back-end development. Contributed to the creation of a digital product store dashboard (enjoygames.shop) for selling game codes. Ensured timely project delivery and high client satisfaction.

Education

Bachelor's Degree in Information Technology – Mobile Computing & Smart Devices

Islamic University of Gaza (2017 – 2021)
